

Tower Innovations is Pleased to Introduce...
Two Exciting Programs
for New Tower Purchases.

1 FREE ANALYSIS

For up to 5 Years

When you work with Tower Innovations, you will receive one (1) free feasibility study per year with each new tower purchase for up to 5 years.

2 DESIGN GUARANTEE

Be confident with your tower provider

Tower Innovations guarantees its designs will meet customer specifications, as listed on TI Sales Order, or TI will provide the necessary reinforcement material at no charge to bring the tower up to specifications.

Check out the program details on the reverse side and contact us at:

800-664-8222

Raising the bar again!

These programs are non-transferable unless authorized in writing by Tower Innovations or are originally requested at time of order.

Standard Terms and Conditions (T&C) of Sale for Tower and Service apply. T&C can be found at:
www.towerinnovations.net/tidocs.html

Free analysis limited to one feasibility study per year to include design drawing, calculations and letter from the Engineering Department. All structural analysis must be performed by Tower Innovations and will utilize the latest RISA design software.

The tower owner must supply a completed copy of the approved analysis certificate to qualify for this program. The certificate must be signed and returned upon receipt of purchase order or signed Order Acceptance Form.

Design guarantee only applies if the analysis is performed with RISA software and the same version and release as Tower Innovations original design.

Tower Innovations reserves the right to review any Data Files used to evaluate the Design Guarantee. TI must be given the actual RISA data input file for review in order to confirm the results before any materials will be provided. If the tower does not pass a structural analysis based on the original tower loading conditions and design specifications, TI will provide the necessary reinforcement material at no charge to bring the tower up to original specifications.

Programs subject to change or terminate at any time without notice.
